One Vessel Sent to Bottom by German Sub, Second Ship Is Bombed From Air By Low-Flying Plane in Broad Daylight

A veteran of the sea despite his youth, Third Engineer Macdonald, who is on the staff of the Lacombe, Alberta, Thursday, January 7, 1943.

During the last few years, the young engineer has seen two freighters sink beneath him as the result of the activities of German submarines, and he has seen a ship destroyed by a low-flying plane.

The last on which he was a member of the engine room crew was the last of the United States and was sent to a point just off the Irish Coast when the torpedo which struck it burst in smoke.

Macdonald's training was at Lacombe for Stirling, Scotland, and lived in that city for about two years before joining the Merchant Marine.

Macdonald's recent experience with the enemy came exactly as he was in the fall of 1941. His last voyage was from London to the west coast of the United States and was the last of his voyages until he was 18 months old.

LACOMBE — HENTLEY

Look up, Mr. Farmer!

There they go, at a hole in the burks or maybe so it can't get in, you're a

over, you're helping to bury as vicious an enemy as mankind ever had. For your fields are the starting point for tons of smokeless powder and rubber and other vital supplies which are going to our

army, navy and air force all over the world. And you are a prime source of pharmaceuticals which help guard the health of our fighting men and speed their recovery from battle wounds.

It takes an almost countless number of things to win a war, and a great many of them, Mr. Farmer, begin with your grain. You grow it and we'll make it into high-proof alcohol. Together, we'll finish the job Hitler and Co. will wish they hadn't started!

Mr. and Mrs. A. Lewis have come to Meritt where Mr. Lewis has accepted a position as a foreman. Mr. Lewis has a family of five, and he and his wife have sold their farm and moved to Laramie, where they have bought a house. These neighbors gave the Lewis family a small reunion in the brand of the house.

Mr. and Mrs. A. Peyer and his family have moved to Portland, where Mr. Peyer has been selected foreman. Mr. Ammons is chief foreman until the new foreman is appointed and installed.

MAIN DRIVING WHEELS

OF CANADA'S WAR EFFORT

MURRYING wheels, thundering wheels. Wheels that have made it possible for Canada to grow to strength.

Today those wheels—the driving wheels of Canada's railways—own one of the proudest of the war effort. They haul raw materials and

railway workers, men and women, is in the fight for Canada . . . shop crews and train crews, yard workers, section hands, telegraphers, signal men and office workers, a multitude of men and women in a multitude of jobs. They are making the giant wheels

hamming war industries and rush away the finished tools of battle. They move food and fuel for the home front and the fighting front. They speed civilians on commercial business, hasten troops to camps, unblocker points and on leave.

It's Canada's big war job. A job that only railway wheels can do. A job in which an army of 150,000 men, women and children, the men, women and children of the railway industry, are the backbone of the war effort.

From coast to coast in Canada, we—your railways—are rolling in the service of freedom, and our lines and the United States have linked the war efforts of two great sister nations.

The railway wheels are delaying, in war as in peace, late Canada.

Members of Armed Forces Overseas

Receiving Supplies

Letters and acknowledgments from our local boys in England, Armed Forces, Veterans, continue to arrive at the club office, expressing their sincere thanks and appreciation to the people "back home" for the welcome parcels of smokes they are receiving. The boys express themselves in various ways, but there is no mistaking the fact that the parcels provide a link with their home district, which they appreciate as much as the content of the parcels.

The fund is steadily growing, thanks to the generous, smiling people of the town and district, who are responsible for the steady supply of welcome smokes

total 1467 lbs.
There is what the boys say:
FROM M06641 Pte R. AUSTIN:
"Four parcels of cigarettes arrived
from you. I am very much gratified.
I wish to express my gratitude
to you all for your kindness
in supplying us over here, as
there is nothing new about bearing
the burden."
FROM M1084 Pte J. W. L.
"I must 'Blessed cigarettes and
wishes to thank you all. One feels
a thousand times better to know
the people of home are helped
best. Thank again a lot."
FROM M16616 Pte I. JOHNSON
"Three hundred thank you's for
the cigarettes."

From WILLIAM T. J. D. van Waid,
"Thank you very much for the
cigarettes received today. They
were very appreciated, as Cam-
bodian cigarettes are hard to get
over here. We are all pleased."
From NORMAN J. P. J. van
Marshall: "Very grateful for the
cigarettes I received from the
people of Lanchow and district.
Please continue my sincere thanks
for same."
From WILLIAM T. J. D. van
Waid: "Just a line to thank you
all for the good welcome gift a
month over here can receive. It's
a real pleasure to know that you
all back home are doing all
you can to help the troops here
and that you are all happy since

President of the League B. W. King:

The first is to thank you all for the parcel of cigarettes I received. It is great to know we are still getting mail from home folks, and I trust I am the only one that I know of that has been given a parcel from you. I will tell you that we were surprised. We are all hoping to get a crack at 'Japs' soon. Three years in the army seems a long time with no action to ease the monotony, but we will all probably get our fill of it before long. We are all well and hope you, health and happiness will be yours and to the present conflict.

**Mrs. Emma Dobbs
Passes Away in
Eckville Hospital**

Mr. Emma T. Doherty, 31, of Liffey, who formerly resided at the Liffey district, passed away in the Liffey hospital recently after a short illness. The late Mrs. Doherty had resided with her family in the Liffey district for 25 years before moving to Liffey and now houses in a large new house.

Born in Rathfriland, Wisconsin, in 1867, Mrs. Dabbs was the former Miss E. T. Kruger. She was married in 1896 to F. H. Dabbs and they made their first home in Colerain, South Dakota. In 1904 the family moved to the

On the afternoon of New Year's Day, a large number of children and grown-ups put on their skates and spent a pleasant afternoon at the hotel skating rink. The ice was in good shape and everything had been put in good order by Gustafson Williams.

At the curling rink, several impromptu games were played by dead-in-the-wind curlers who just couldn't wait for the opening of the regular season, which took place on Tuesday evening.

Progressive-Conservatives Will Hold Nominating Convention February 14

Party Followers, Meeting in Lacombe Last Friday, Decide to Name Federal Candidate At Meeting in Wetaskiwin

Progressive-Conservatives of the Wetaskiwin Federal riding will meet in Wetaskiwin Monday, February 16, to select a candidate to contest the seat in the next Federal election. It was decided at a meeting of party members which was held in the Adelphi Hotel on Friday evening of last week. The meeting was well attended and those taking part in the discussion which arose were sufficient to show the success which had been made in the city.

F. W. Pratt, retiring president of the Wisconsin Progressive-Farmers Association, occupied the chair during the early part

In the annual election of officers, I M Russell, D. J., of Wethersfield, was elected as president of the organization and other officers elected were Secretary, E. Sheppard, Wethersfield, vice-presidents, F. W. Pratt, Lanesboro, Paul Baker, Fitchburg, S. Northrup, Wethersfield and B. Wilson, Chittenden. There has been no executive of the order.

Mr. Wilbur declared that public support for Hon. John Sherman, party leader, and his followers, was increasing, and that numerous

Lives to Save

and Comfort

The Canadian Red Cross has work to do and lives to save—but only through the prompt and generous gifts of Canadians. Only then can that work be fulfilled.

The support of everyone is needed. Only the RED CROSS can pass through gifts of food and comforts to PRISONERS OF WAR. So let us give graciously, liberally and promptly.

**You Get Just What You Pay For?**

The above statement is made many times a day. It is a true statement if it were used only when it is deserved. However, it is a statement that cannot be used when referring to the grocery business.

What proof is this? Well, compare prices. Compare the prices of the same goods in different grocery stores. You are now looking at your list of prices. Compare with the prices on the same list in other stores.

## Advertising Gets Attention

Newspapers are still asked as to what percentage of sales a local merchant should devote to advertising. Studies made by experts give the percentage of gross sales as follows:

|                        |      |                          |      |
|------------------------|------|--------------------------|------|
| Department Stores..... | 5.5% | Clothing and Drying..... | 3.5% |
| Grocery Stores.....    | 3.0% | Jewelry.....             | 3.0% |
|                        |      | Gasoline.....            | 2.0% |

|                      |      |                      |      |
|----------------------|------|----------------------|------|
| West Midlands        | 1.0% | Domestic Shops       | 1.0% |
| Drug Stores          | 1.0% | Furniture Stores     | 1.0% |
| Hardware Stores      | 1.0% | Florists             | 1.0% |
| Food and Specialties | 1.0% | Grocery Stores       | 1.0% |
| Wares                | 1.0% | Household Goods      | 1.0% |
| Wares                | 1.0% | Music Stores         | 1.0% |
| Wares                | 1.0% | Shoe Stores          | 1.0% |
| Wares                | 1.0% | Tires and Automotive | 1.0% |
| Wares                | 1.0% | Wine and Liquor      | 1.0% |
| Wares                | 1.0% | Wine and Liquor      | 1.0% |

A close study of these figures may prove a lot of revelation. Yet you do not need to go far to see that the stores that are spending approximately \$100,000 are in advantage of those that are spending less than \$50,000.

But may we recommend most sincerely, if you are contemplating a change  
 common advertising policy, that you plan your advertising expenditures over a month  
 or two in advance. Canada's most widely read trade week is accomplished by your  
 advertising. Recall the advertising media which most well suited to passing  
 that objective. YOUR LITERAL PAPER. Decide how much you should spend to  
 achieve the end and then, appear to that expenditure to cover the complete period  
 of the campaign.

For that, in our positive knowledge passed through hard experience, is the  
 manner in which advertising results are best obtained

**IF YOU WANT SELLING - BE IT WITH TRADING**

You will reach over 1,000 readers in your Trading Area each week by advertising in the

But they are recommended most sincerely, if you are contemplating a change in your advertising policy, that you plan your advertising expenditures on a monthly basis in a manner commensurate with carefully what you seek to accomplish by your advertising. Select the advertising media which will best reach the audience that objective. **WEEKLY LIFE & PAPER**. Finally how much you should spend to achieve this end and then ascertain that expenditure is over the complete period of the campaign.

For that, in our practice, we have found that hard experience, in the matter of advertising, is the best teacher.

**Imperial Oil Limited**

There's a lot more than high quality motor oil in that familiar Imperial Oil drum... there's the ability to get almost any kind of farm work done in record time, with leave no on the job. That's why Canadian farmers who use Imperial saving power machines look on Imperial Fuels and Lubricants as the equivalent of an extra, versatile "hand man."

Keep your equipment at top efficiency by using only the correct grade of Imperial Oil Fuels and Lubricants—brought to your door by your friendly Imperial Oil Agent. And place your order NOW... so that you may have the correct grades and quantities on hand when you need them.

LIBERAL  
POLICIES  
MAKE

**Liberal Working Plan**  
for Full Post-War Employment...

For Veterans—\$10,000,000 to get those trained in armed forces jobs to industry on the largest scale in business for themselves or each of them

**Family Allowance**—\$2.50 a week, that a political party that has borne the burden of government and to equalize the opportunities of young Canadians for success and happiness.

Support Canada—We've  
to have everyone if we're  
going to have jobs.  
Your Liberal Govern-  
ment has arranged to  
finance war-wrecked  
countries that will be  
good customers here.

As planned, here on the home front, con-  
sistent the energy and initiative of all the  
vigorous young people now in uniform, and  
their zest for doing! What is there Canada  
can't do with them back on the home team?

The highest Authorities on Tire Performance  
...THE MOTORISTS THEMSELVES

# Vote GOODYEARS

## 3 TO 1

### OVER ANY OTHER TIRE

Motorists across Canada recently were asked by an independent survey to select the best tire for their cars. The results were in. Goodyear was named by only 14%... Goodyear will be better than these in most!

Among eligible voters, Goodyear's synthetic rubber reinforced Goodyear Safety Tires were selected by more than 30% of the motorists. Technical reasons for this preference are many, but all point to Goodyear's superior performance. Goodyear's synthetic rubber tires are made from a special formula that makes them more durable and more resistant to wear than any other make of tire. Goodyear's synthetic rubber tires are made from a special formula that makes them more durable and more resistant to wear than any other make of tire.

Wants every motorist to be happy means to bring you closer to the solution of the tire problem. It is to bring you the most durable, most economical, most reliable, most comfortable tire. It is to bring you the most important. Keep in mind with your Goodyear dealer when you buy a tire. Goodyear's synthetic rubber tires are made from a special formula that makes them more durable and more resistant to wear than any other make of tire.

and after spending over two and one-half years as a prisoner of war in Germany, he spent three years in the Soviet Union. It was there that he was shocked when the German captives decided to murder prisoners captured in the Elpenor raid in Central, 1942. He was taken to a camp in the Soviet Union, kept as a prisoner of war for 10 days until he was released.

"The Germans were a lot different from the Japanese," he said. "The Glads" and they softened up a lot towards the end of the war."

...the camp in the Gable Hill said, "Gladys was murdered this morning. She was killed by the Germans." He explained, and "most of the boys here were in the same boat as Gladys."

Following the release by the American Red Cross, the boys were flown to Britain by American planes.

Quarantined in hospitals or camps, the returned veterans learned that reading material was scarce.

### Shortages of Food In Province Seen By Government

Meetings of seed and food grains in many districts of the province are foreman by officials of the department of Agriculture. It was learned by members of the council of the Municipal District of Lacrosse at their regu-

her meeting held last week. A letter from the Department of Agriculture outlined the general idea submitted in the petition, and urged the local townspeople "to assume their responsibility in urging preparations on the part of both and everyone who has

The letter suggests that a survey of seed and land requirements within the municipality should be made immediately. "Farmers," it continued, "should be encouraged

to food after their own needs either by taking special precautions in sowing seed and food from their own crop, or by endeavoring to obtain their requirements from neighboring farms.

For general shortages of either feed or seed is believed to exist in this district although some individual farmers have seed.

Criticism is always at present under way in these circles both as regards the work done by the staff, and the procedures which are in being.

1. This area of Alberta has been thoroughly explored by Edmonton and Calgary Gas Companies, both of which Gas companies are extremely anxious to discover how far fields exist at their present reserves.
2. Both the United Companies, the Dominion Government and other private companies have been working very hard to find out what is going on in the oil fields of the province in the Red Deer-Edmonton area, which was indeed very rich.
3. Drilling of wells at Wetaskinaw, Edmonton, and several locations, have confirmed geological investigations and some wells have failed to give results sufficient to even start roads or villages.
4. In its issue of August last year, the Calgary Herald had articles on the situation where it gave the gas law based on the Alberta (American) and Canadian Companies such as Imperial Oil, Standard Oil Company, Shell Oil Co., Esso Petroleum, Pure Oil & others. The work is long and slow, and the estimates of the amount of oil in Alberta's history, over 10,000,000 tons have been found in less than 10,000,000 tons up to this point. The surprising part

"In the university, hard lessons are learned. But in the business world, hard lessons are also offered by the father's experience," says the author. "The father is making arrangements to ensure that his son is not misled by the business and industry world."

**Scholarships Are Awarded Red Deer**

Students from the Red Deer area who are interested in attending post-secondary institutions in the United States should apply for the scholarships offered by the Red Deer Education Foundation. The foundation is a non-profit organization that was established in 1964 to provide financial aid to students who are citizens of the province of Alberta. The foundation has a number of scholarships available for students who are interested in attending post-secondary institutions in the United States. The scholarships are awarded to students who are citizens of the province of Alberta and who are interested in attending post-secondary institutions in the United States. **Residents Show No Desire For Mincep Hospital**

Residents of the Red Deer area have shown no interest in the proposed Mincep Hospital. The hospital was proposed as a replacement for the Red Deer General Hospital, which is currently under construction. The proposed Mincep Hospital would be a 100-bed facility located in the Red Deer area. The hospital would be owned and operated by the Red Deer Health Services. The hospital would provide a wide range of medical services, including general medicine, surgery, obstetrics and gynecology, pediatrics, and mental health services. The hospital would also provide a range of specialized services, including cancer care, heart and lung surgery, and neurology. The hospital would be a significant addition to the Red Deer health care system. However, residents of the Red Deer area have shown no interest in the proposed Mincep Hospital. They are concerned about the cost of the hospital and the impact it would have on the local economy. They are also concerned about the quality of care that would be provided at the hospital. The Red Deer Health Services is currently conducting a public consultation process to gather feedback from residents. The consultation process will continue until the end of the year. The Red Deer Health Services is committed to providing high-quality health care to the residents of the Red Deer area. It is also committed to ensuring that the health care system is sustainable and affordable for all residents.

DISCHARGED PERSONNEL  
May RETURN TO OLD JOBS

The Department in Civil Employment Act, passed by Parliament in 1942, who have been discharged from the armed forces, may return to their old jobs. The act provides that any person who has been discharged from the armed forces and who has been employed by a business or industry before the war, may return to that business or industry after the war. This act is a very important one for many people who have been discharged from the armed forces. It gives them the opportunity to return to their old jobs and to continue their careers. This is a very important step in the process of rebuilding the country after the war.

**Employees—other men or women—may be reinstated if:**

- (1) they worked for their employer 6 months or more prior to their discharge, and were not discharged for cause;
- (2) they were not discharged for cause; and
- (3) they were not discharged for cause.

### MARKET EARLY

Prices will probably hold up well until the 15th of December so we advise early marketing on or before this date. Unfin-

ished poultry is not wanted at any price. Poultry below 'C' grade has no commercial value and we cannot place any price on same.

**DRESSING**

All birds should be starved for 24 hours before killing and allowed plenty of fresh water. All poultry should be dry plucked with all feathers completely removed. Make sure of proper bleeding.

wash blood from mouth, wash feet thoroughly, wrap the heads, chill well before shipping but do not freeze. Leave haws and feet on turkeys, chickens and fowl, but remove heads, only, from geese and ducks.

recounted the Cambridge incident, which occurred at the home of his mother's sister, Mrs. Preston McDonald of Marlow, following the daughter's recent marriage with Chairman W. Avery making the presentation, the baby was brought into the room, and showed her disapproval of the occasion by turning slightly in the arms of the dignitaries assembled.

Baby McDonald, who weighed eight pounds at birth, came into this world early in the morning of January 6, and substituted her name for the "first baby" honor with ease.

Present at the open representation were Messrs. W. A. Hargreaves, president, and members W. Avery, A. R. Hargreaves, J. W. Parsons, J. Dorcherty and W. P. Douglas. Matron Hargreaves, formerly Matron Hargreaves, was also present. Mrs. Hargreaves has been married and has a small daughter, Margaret Ann. Both his wife and daughter are residing in Hamilton and Mrs. Hargreaves still has accommodation in Laramie.

Also opening in the same nature is a grain seed and fertilizer store owned by Hargreaves. This store will be operated by Stewart Chapman, well known

Through conditions beyond control of the Grain and Malting  
boards of Canada, barley of all grades has been reduced to a  
common basic level in respect of values to producers. The  
National Barley Committee has received assurance that this  
arrangement is temporary and concerns only the 1965 crop-  
season when planning the crop production programme for  
1965 it may be safely assumed that GOOD QUALITY D.A.C. 21  
BARLEY will again command a ready market and a premium  
price for malting purposes both at home and abroad.

### Wolville District News

Charles McCall was a caller at the City Ballroom house celebration last Monday night. Mrs. Adams, who was the hostess, welcomed his ladyship by entertaining over fifty people at the house. There were two tables of military officers in play. The winners were W. T. Tull, Mrs. Adams, Capt. Joe Williams and Russell Jones.

Mr. and Mrs. P. Thum, baby George and Mrs. Mary were Sunday guests at the G. C. Aschbach home.

James, Pennsylvania is reported to have been the first to use the word "livestock" in a newspaper report. In 1844, the *Black-Point Post and Courier* of Black-Point, N. S. Wales, in a news article, the newspaper reports in fullness that the Black-Point Board of Trade in 1844 were presented by J. B. Smith, Esq., with a petition for the establishment of a market for the sale of livestock. The word's earliest presence in any American newspaper, Dr. R. B. May reports, is in the *Black-Point Post* of 1844. In Great Britain, the word is found in the *Black-Point Post* of 1844.

The big, heavy truck had three sets of them on its body,

and as the wrecker slowly made the sharp turn to the east from the north garage door, the middle wheels of the truck clapped into the air lifting the truck three about 18 inches off the ground. The front wheels remained standing on the ground, but

"A gust of wind will blow it over," one observer commented. The combined efforts of the wrecker and a tractor pulled the tank safely onto the road with-

### Little Damage

prompt action by members of the local fire brigade prevented serious damage from a fire which broke out in the Laramie Dry Cleaners' plant Tuesday morning.

Damage was limited to the contents of the building, and even within the boundaries of the village of Alta.

Firemen were called to the scene by J. A. Miller, H. Bus, all of Laramie, E. Horvath, Bentley, J. Ingram, Starbuck, and J. Thorbeck, Red Deer.

Local cabinet makers were included in the hospital service, and seven within the boundaries of the village of Alta.

### Army Plans Small

### Jasper Receives Old Friends And New

To the list of thousands of fans

of the world who visited Ingersoll National Park in the Canadian Rockies believe the war was not what it should have been. The thousands of men and women of the British and United States armies who were stationed there and fighting the war.

Some of these unfortunates were sent to the front, there were the Lord Lovel of Bermuda, famous commando, who used Ingersoll as a training ground for his own war. They put in long arduous

new types of equipment that it is now using to track its animals. Since the U. N. R. has been able to track its animals through the forest, it has been able to plot them. They go to hibernacules of the wild animals in the park, and one of them is shown to the right with a female of the same species.

Paul Linder, general director of the park, says that the first time since the war in 1945 that a mouse has been seen in the park is in 1946. He says that the first time since the war in 1945 that a mouse has been seen in the park is in 1946. Mr. Egan attended the farewell party.

Family who are moving to N.J. will support a pleasant evening. Mr. P. Walker and daughter Margarette were here and the women's garden club, including the kindergarten book and work staff relatives.

We are glad to report that Miss Betty Ramsey is feeling much better.

The New Medical Centre, Exterior View

Shown above is a view of the new Laramie Medical Center taken from 6th Avenue. Not quite completed, the building has yet to be stored, work will probably be done next spring.

Taken from the large waiting room, this picture shows the doors leading into the various second rooms. The door at the end of the hall way, leads to the 3-725 room, while to the left the hallway and rest of vision are the de-
